

Managed Services Provider

for a Leading Life Insurance Company

CASE STUDY

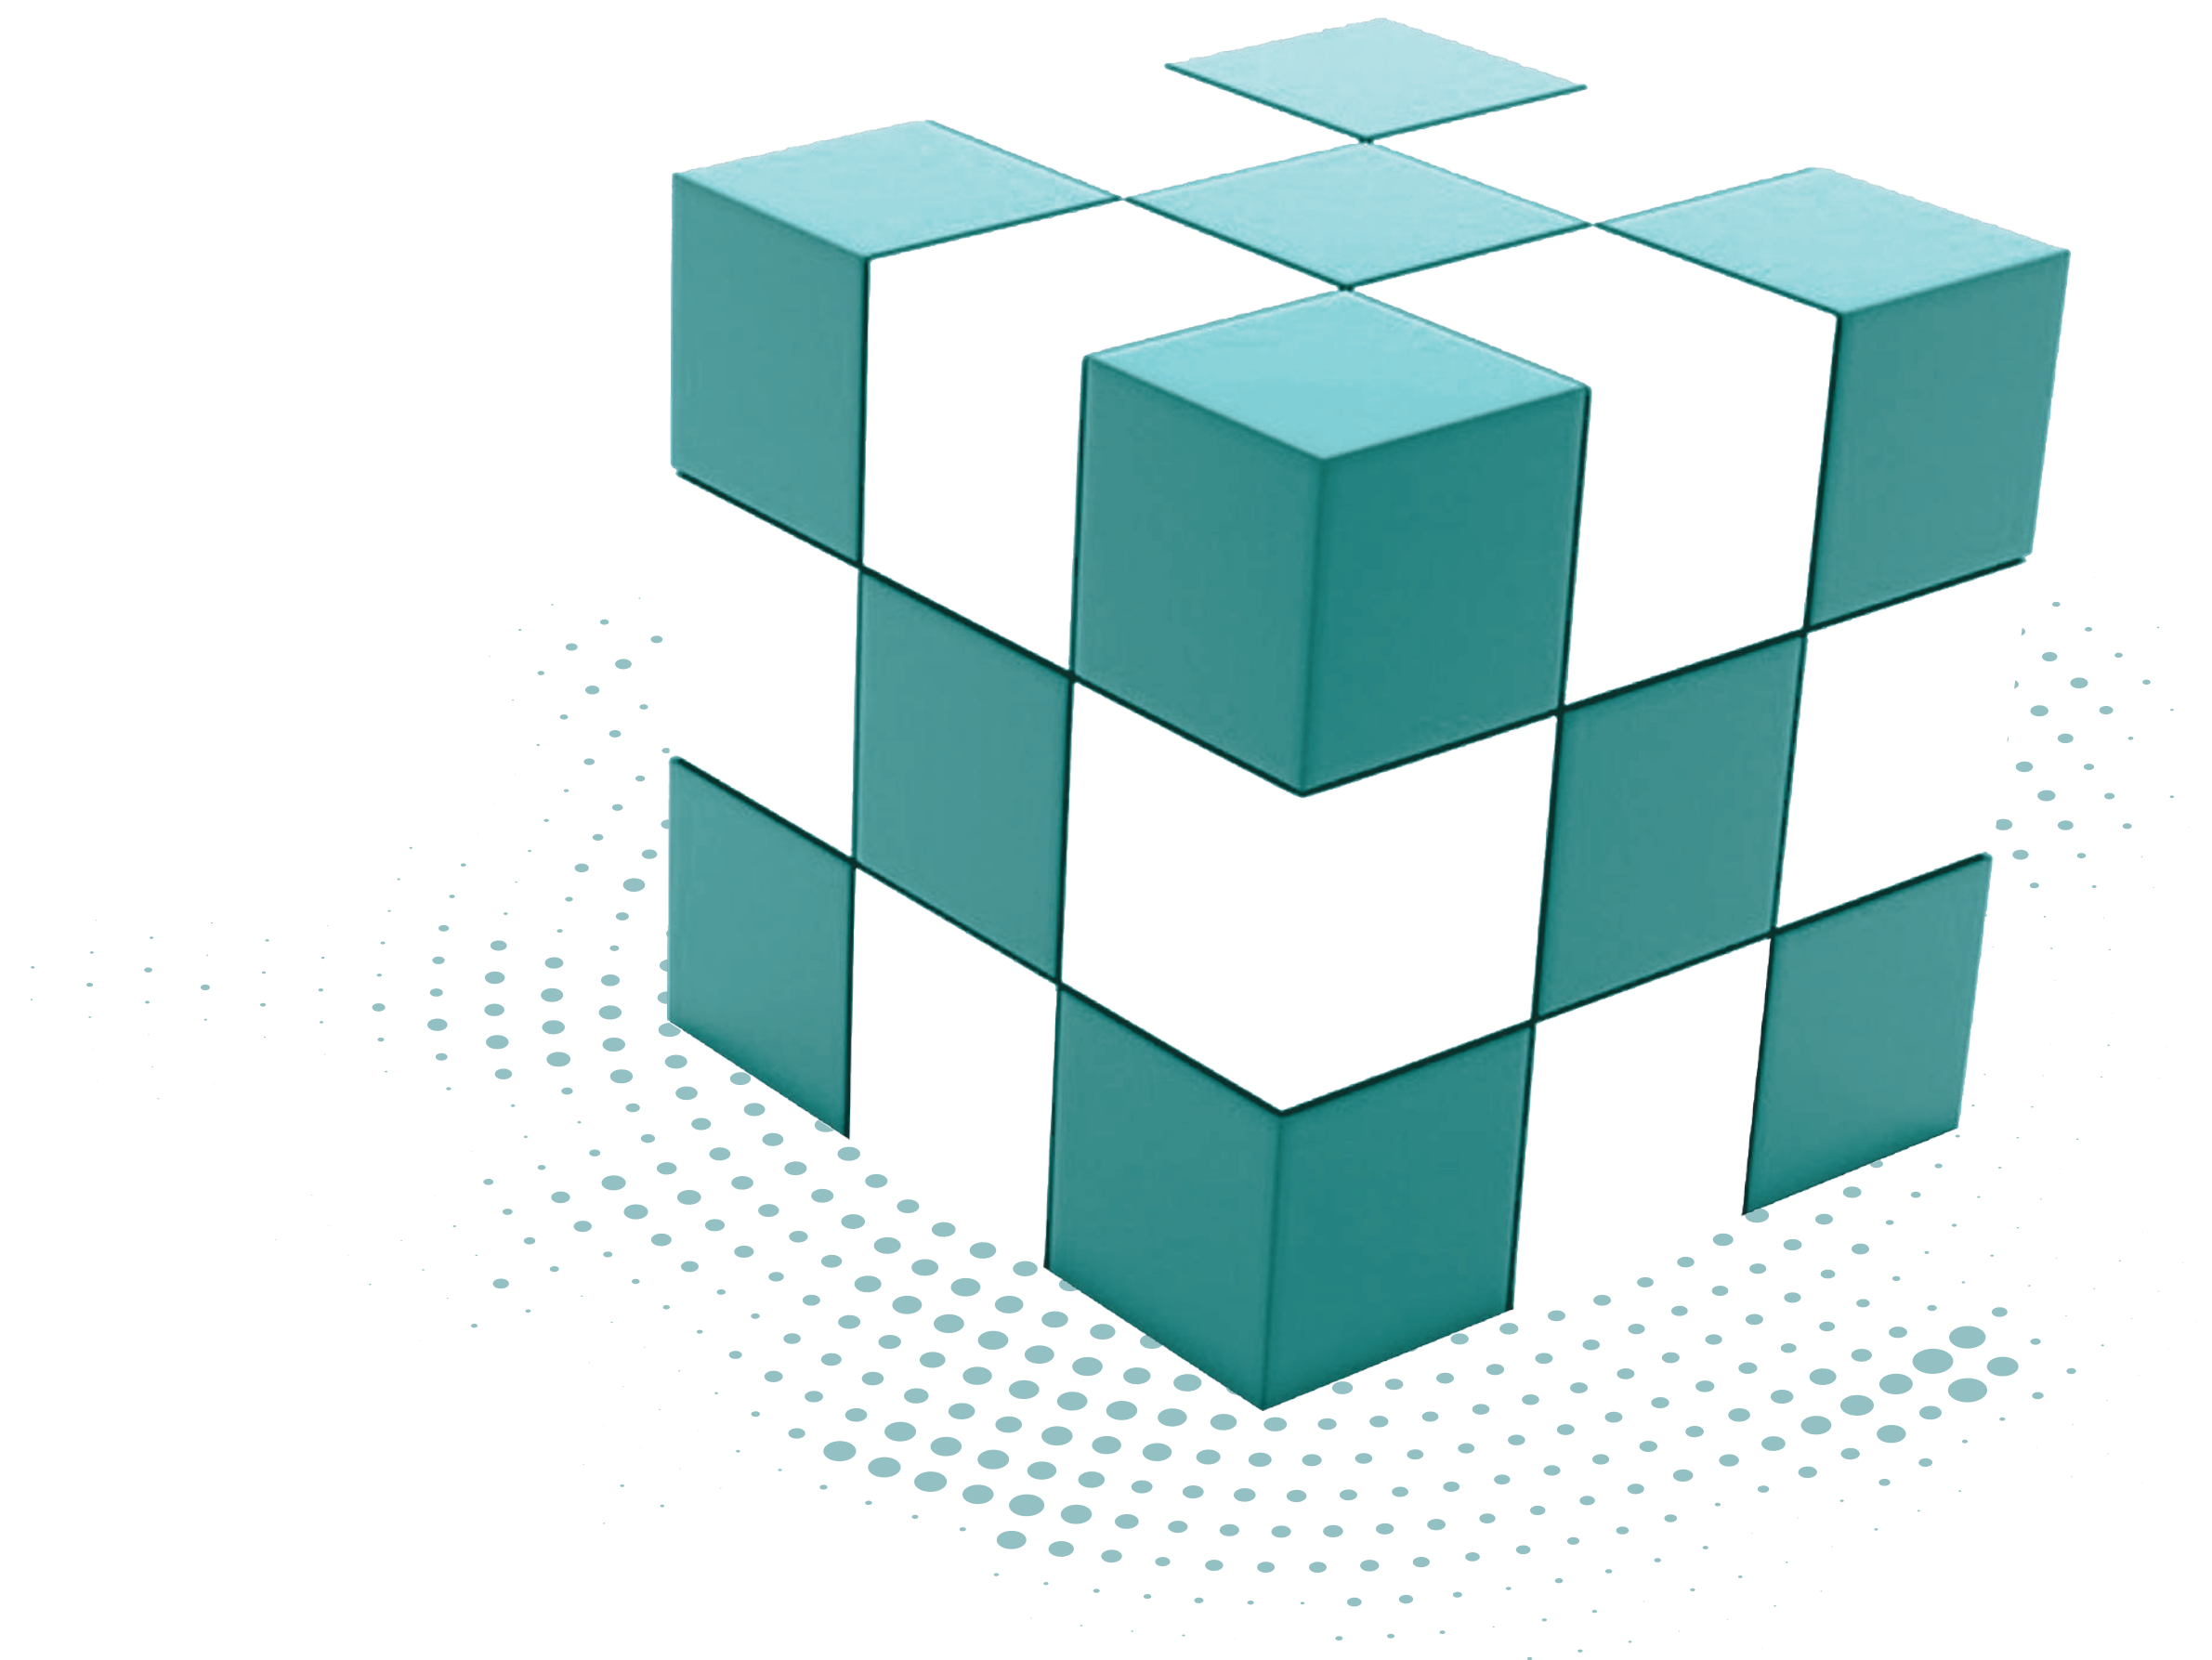

Transition

Clover Infotech ensured flawless transition of Managed Services from existing vendor and ensured seamless application support for existing IT infrastructure.

The Challenge

The customer wanted Clover Infotech to replace their existing Managed Service Provider (MSP) with an MSP with extensive experience in handling Insurance applications and the underlying IT Infrastructure.

The Solution

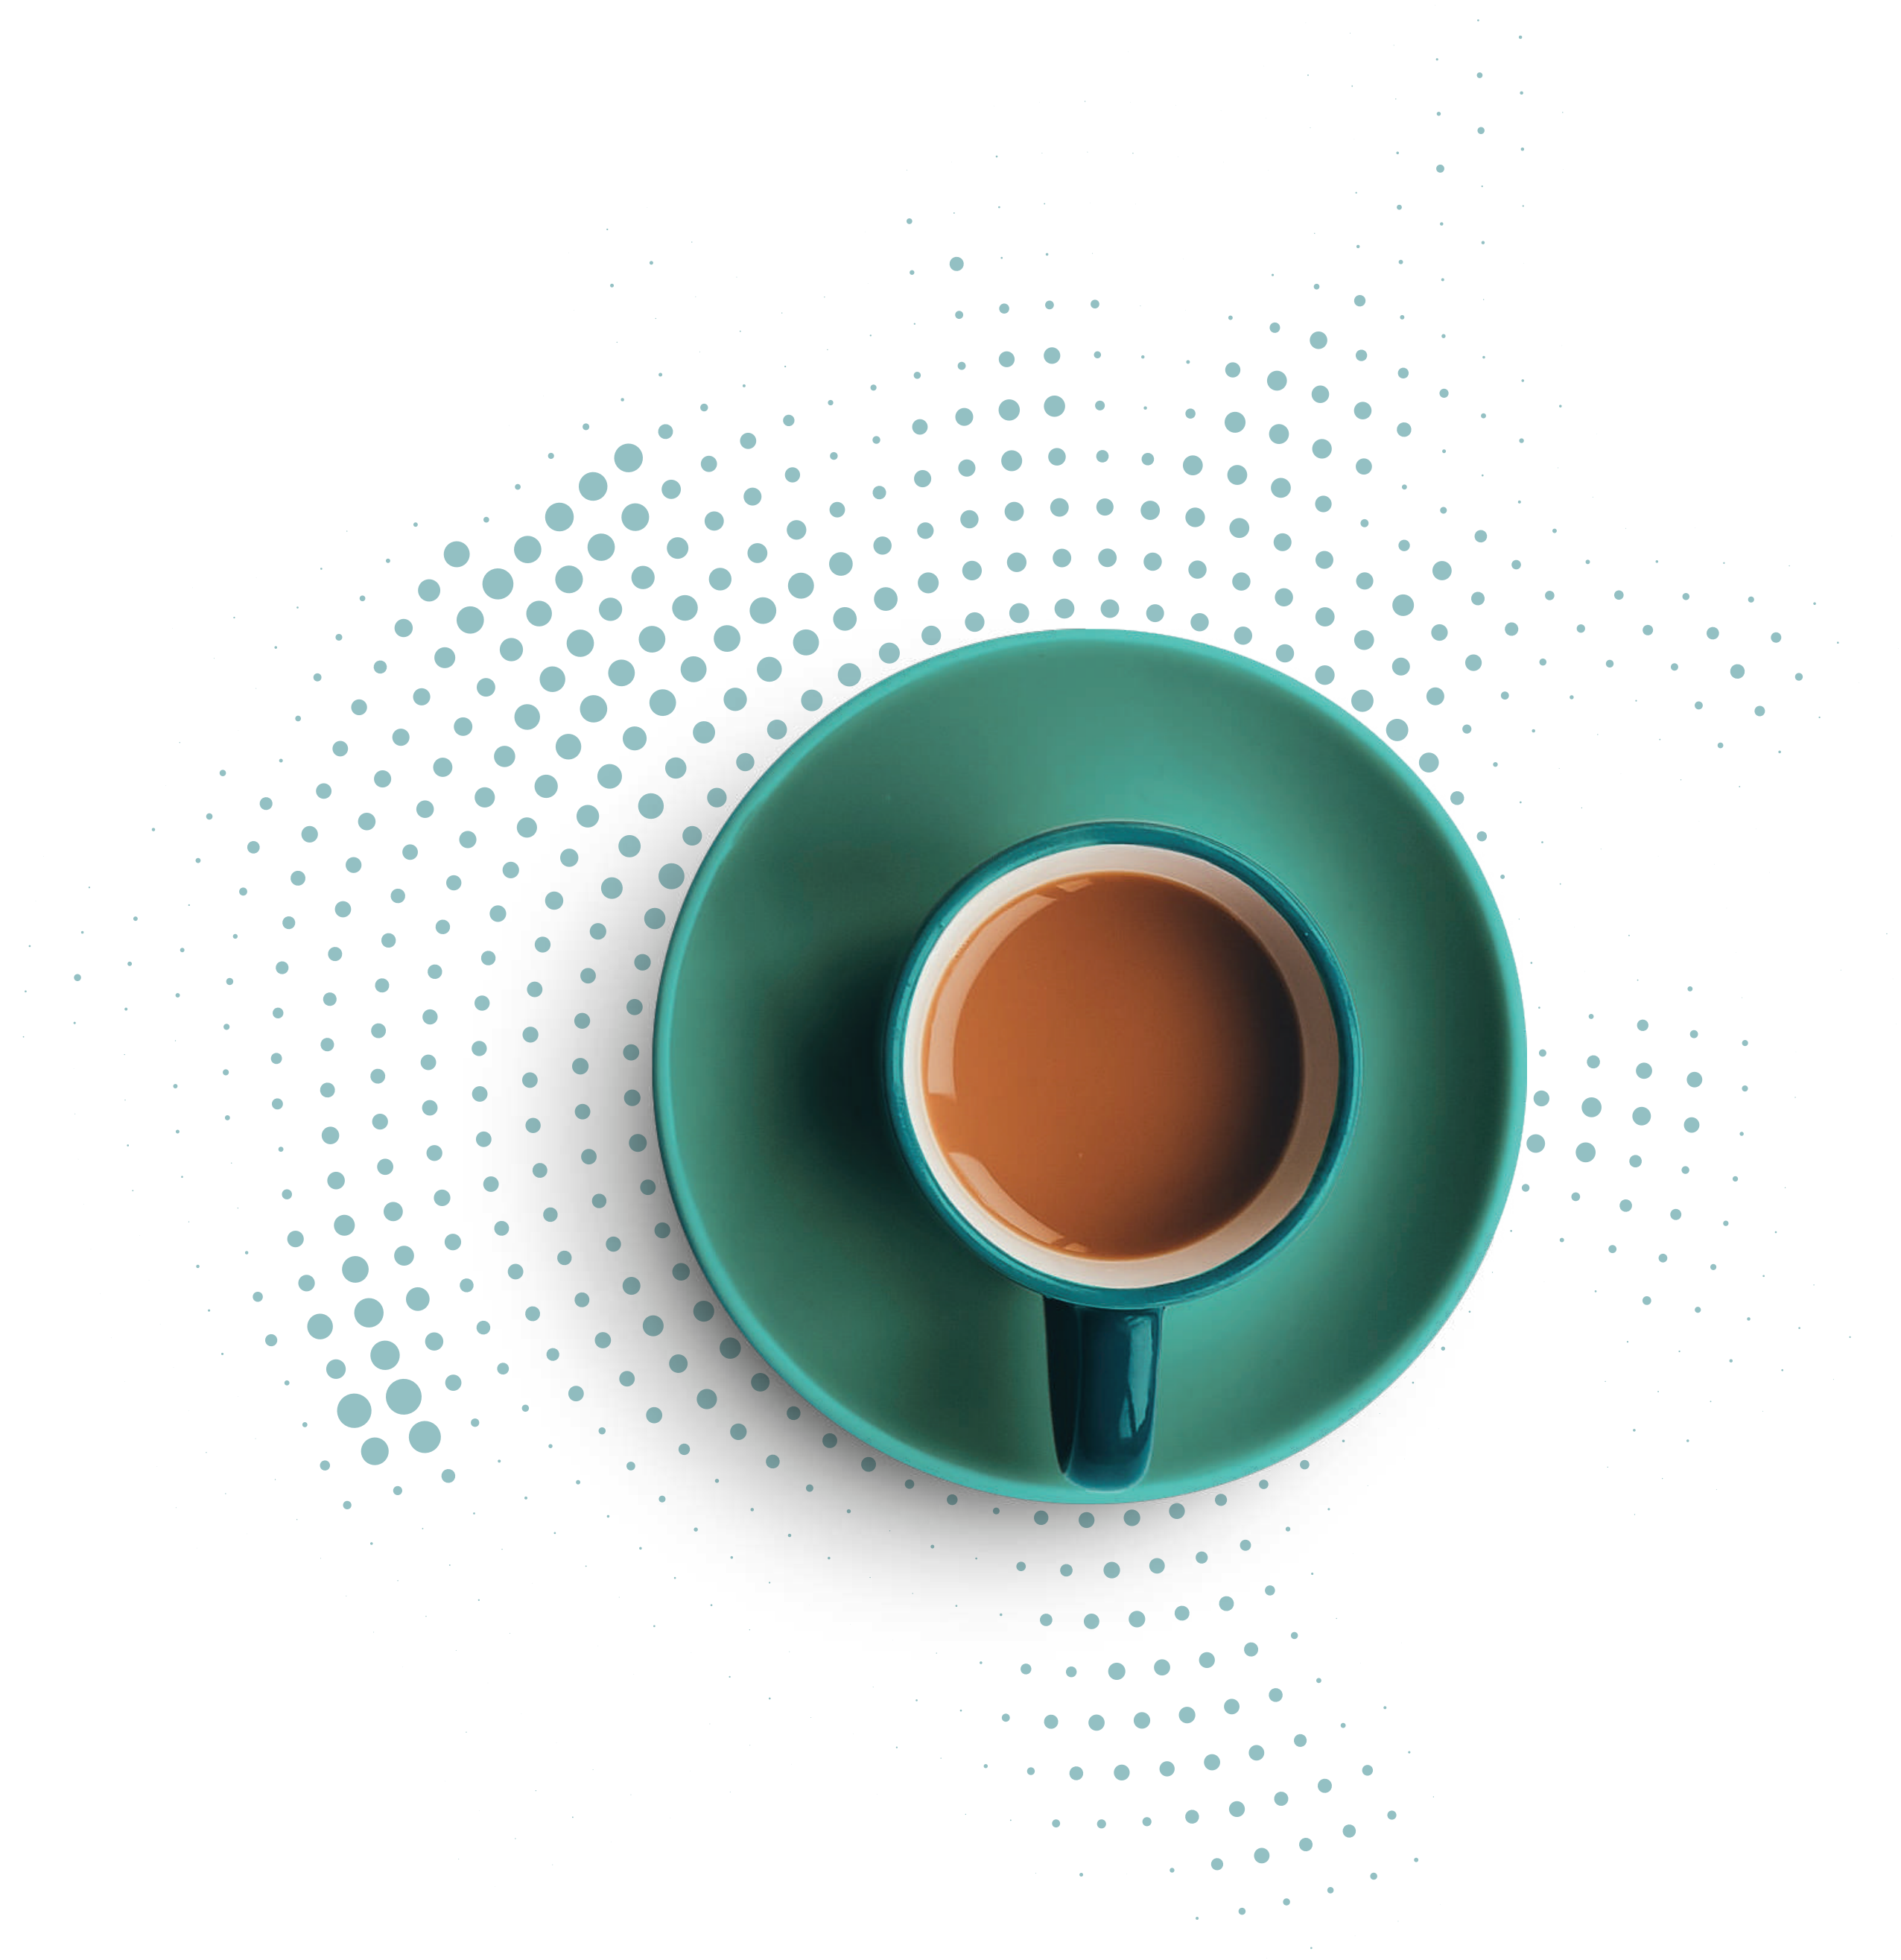

Clover Infotech provided end-to-end management and ownership of customer's corporate website, customer portal, and sales portal.

The team was responsible for the design & development of the new functionalities. The team provided extensive support on disparate applications such as Portal to Life Asia, and Group Asia.

The technology platforms and IT infrastructure comprising HTML/DHTML, .Net 3.5 and SharePoint 2013 over Microsoft SQL Server 2008 R2 deployed on IIS 7.0 on Windows 2008 was seamlessly managed by our team

The middleware platforms were Microsoft BizTalk and IBM MQ, and reporting engine were SSIS and SSRS was efficiently managed by our Middleware Consultants.

The team was also involved in application monitoring, proactive maintenance, and running batch processes including BOD and EOD processes.
